Answer the Carl for mum

If you're looking for inspiration for a last-minute Mother's Day gift, Carlton Hotel Blanchardstown has created a mindful stay created to give guests unforgettable moments of time together.

Celebrate the remarkable women in your life by inviting Mum to switch off from the everyday and step into a world of calm.

From the guest's first step into the elegant bedroom, thoughtful touches commence the celebratory moments with a therapeutic ritual colouring book to enjoy, and a gifted chilled bottle of crisp rosé.

Guests can enjoy access to the new Ériu Thermal Retreat, which features a state-of-the-art Nordic sauna, complemented by two premium hot and cold plunge baths. The thermal rituals are the perfect conduit for deep physical and mental relaxation and can be enjoyed as a wellness experience together.

Guests are encouraged to move at their own pace at Ériu, allowing time to reset both body and mind in a perfectly tranquil

outdoor setting.

There are delicious dining options from afternoon tea in the beautiful Sundial Restaurant, with garden views, to an a la carte dinner menu which features the very best of Irish produce with vegetarian and vegan options. Cocktails can be

enjoyed in the Hourglass Bar, which also has an extensive relaxed lunch and dinner menu.

The Mindful Moments Mother's Day Getaway is priced from €230 for two people sharing and includes:

- Overnight stay in a stylish bedroom
- A chilled bottle
